

National Conference on Open Source Software

May 25th - 26th, 2009, Mumbai, India

Organised by
C-DAC, Mumbai

Supported by
IEEE Computer Society, Mumbai and Chennai chapters
Computer Society of India, Div II on Software & SIG-OSS

Call For Papers

NCOSS—2009 is a forum to bring together the various groups working on developing Open Source Applications catering to specific domains in the ICT world—education, health, accessibility, localisation, e-commerce, disaster management, expert systems, machine learning, etc. A number of high-quality software solutions are available in many of these areas, for example, SugarCRM, Koha, Drupal, Moodle, Sahana, CollabCAD, etc. Work on these systems require a combination of domain knowledge and development expertise. Much of the public awareness in open source is focussed on desktop, operating system and general productivity tools. With this background, NCOSS-09 has chosen to focus on the layer above this, bringing together groups working on various application domains.

The conference will present experiences in deploying FOSS applications, comparative studies among competing software solutions, efforts in adapting and localising FOSS applications, development of new applications, etc. The conference will consist of the following:

- Invited talks by experts from India and abroad
- Presentation of contributed papers selected based on refereeing by a panel of referees
- Exhibition by industry and academia
- Pre conference Tutorials (on May 24th)
- Panel discussion

TOPICS

Papers are invited on the topics listed below. (Other application areas may also be considered).

Accessibility	Machine Learning and Data Mining	e-Governance
Indian Language Computing	e-Health	e-Commerce
Localisation	Knowledge Management	Disaster Management
e-Learning	Collaboration Technologies	Content Management
Information Extraction and Retrieval		

INSTRUCTIONS

- Papers must report original work carried out by the authors. The work can include enhancing existing Open Source applications for specific requirements, development of new solutions and comparative analysis of competing solutions. Direct survey or overview papers are not acceptable.
- Length should not exceed 10 pages of A4 size in length (approx. 5000 words) including figures, etc.
- Papers should be in English.
- An abstract of about 100-200 words and the area(s) under which the paper can be categorized, must be included with the paper.
- The author names and affiliations along with the main area of the paper should be given only on a separate cover sheet. Papers should be in one of the following formats: PDF RTF or ODT. Accepted papers will be published in the conference proceedings.
