

Google Home Mini: Google Home Mini is a voice-controlled, hands-free smart speaker enabled by Google Assistant, which supports Hindi too. It measures 9.78cm x 4.2cm and weighs 173grams. It requires a power supply of 5V. Besides streaming content from entertainment and music providers like Netflix, YouTube, Saavn and Gaana, the smart speaker supports most Google-based services including Google Search and Google Maps.

It provides both dual-band Wi-Fi and Bluetooth v4.1 network connectivity. Compatible brands for smart home products include Philips, Syska, TP-Link and so on. It is also compatible with smart TVs with built-in Chromecast for streaming purposes. Voice Match feature to distinguish voice ensures personalised information for up to six users. It is priced at ₹ 3999.

LG XBoom AI ThinQ WK7: LG XBoom AI ThinQ WK7 is a voice-controlled, AI-based speaker with Meridian sound technology and built-in Google Assistant. It does not require batteries. It works with Bluetooth technology, and can also connect with other built-in Chromecast or Chromecast audio devices, soundbars as well as wireless speakers.

Standing 21.1cm tall and weighing 1.9kg, it supports high-resolution audio in multiple rooms. It works with popular music apps like Saavn, Gaana and Google Play Music. Clear Vocal and Enhanced Bass modes are present for high-quality music. The speaker can be bought for ₹ 11,200.

Bose Home Speaker 500: Bose Home Speaker 500 is a smart speaker with built-in Alexa voice control. Having a height of 20.3cm and weight of 2.11kg, it also features a custom-designed eight-microphone array to provide enhanced voice pickup for multi-room playback.

Besides access to integrated Wi-Fi music services like Saavn and Amazon Music, connection over Bluetooth enables playing anything from a smartphone or tablet. No batteries are required. You can also tap the top controls or use Bose Music New App as control options. Up to six presets can be set up, and multiple users can receive personalised content. The device is priced at ₹ 39,000.

UE Megablast: UE Megablast is a hands-free portable speaker with built-in Alexa voice control. Standing 23.9cm tall, it provides rich sound and good clarity. It supports dual-band Wi-Fi (100m range) as well as Bluetooth (45m range) network connectivity. Its rechargeable battery can work up to twelve hours at a time.

Music can be streamed from various sources like Amazon Music, iHeart Radio and TuneIn. The speaker is waterproof and can be immersed

in water up to one metre for thirty minutes. Ultimate Ears app can be used to get new updates. The speaker is available for ₹ 27,069.

Echo Dot (3rd Gen): Echo Dot (3rd Gen) is a voice-controlled smart speaker powered by Alexa. It has four microphones and enhanced noise cancellation for high sound quality. It supports dual-band Wi-Fi network. Using Bluetooth or 3.5mm audio cable, it can be connected to external speakers. The device measures 9.9cm x 4.3cm and weighs 300gm.

You can use Amazon services like Amazon Prime as well as stream music from Saavn, Gaana, Hungama Music, TuneIn, etc. It needs an uninterrupted power supply, as it does not have a built-in battery. Alexa App is compatible with Fire OS, Android and iOS devices, and is also accessible via a Web browser. Privacy is ensured through the Mute button that disconnects the microphone. The device can also be paired with another Echo Dot for better sound. Hands-free voice control is not supported for Mac OS X devices. It is available for ₹ 3999. **END** 🐧
