

A stylish, portable SSD from Samsung

Samsung recently launched its portable solid state drive (SSD) in India, called the T1. This SSD is slim, compact and lightweight, making it easy to carry anywhere. It weighs only 30 grams and comes with premium aesthetics such as a black chrome metal

coating and laser patterning. It is shock-resistant up to 1500G/0.5ms and features a Dynamic Thermal Guard.

The SSD supports both Windows and Mac PCs using the exFAT file system. Each unit of the portable SSD T1 comes with a three-year warranty and is available in leading online stores including Flipkart, Amazon and Snapdeal.

Price: ₹ 12,000 for 250GB, ₹ 18,000 for 500GB and ₹ 35,000 for 1TB, respectively.

A colourful range of power banks from Boat

Boat has launched a variety of power banks in the Indian market that support nearly every smartphone. The BPR 112 is the latest power bank introduced with shock-proof technology. The device is equipped with an 11,200mAh battery

and a Li-ion rechargeable battery, and has a rubberised coating.

The power bank supports simultaneous charging of two devices, and users are also able to check the remaining battery charge of the device on its LED screen by simply shaking it. The device supports microUSB connectors.

The BPR 112 is available on Flipkart in five bright colours — blue, red, pink, green and black. Other variants of this model are the BPR 88 and BPR 100.

Price: Starting from ₹ 2,899

Second Cyanogen-based smartphone from Micromax

Micromax launched its first phone in the YU series last year – the Yu-Yureka. It has now released its second smartphone, the Yu-Yuphoria, in the same series. The device comes with a 12.7cm (5.5 inch) IPS LCD multi-touch display with a resolution of 720 x 1080 pixels and an AMOLED display with Corning Gorilla glass. The phone comes with a 2230mAh Li-Po non-removable battery.

The dual SIM phone is powered by a Qualcomm Snapdragon 64-bit 1.2GHz quad-core processor and runs on the Android v5.0.1 Lollipop OS-based Cyanogen 12 OS, out-of-the-box. It is equipped with 2GB RAM, a 64-bit class SoC (System on Chip), and 16GB inbuilt memory that is expandable up to 32GB via microSD card.

The phone comes with an 8 megapixel rear camera with an LED flash and a 5 megapixel front camera. It also offers good connectivity options with Wi-Fi, 4G, 3G, Bluetooth v4.0, GPS/A-GPS and a USB port.
