Motorola's Moto Turbo: Poised to compete with Samsung and Sony

Motorola launched its new smartphone, the Moto Turbo, in March 2015. The phone sports a 13.2cm (5.2 inch) capacitive touchscreen, with a resolution of 1440 x 2560 pixels. It runs on a Qualcomm Snapdragon 805 2.7GHz quad-core processor, and is equipped with 3GB RAM and 64GB internal storage.

Moto Turbo comes with Android 5.0.2 Lollipop with Java support and a non-removable 3900mAh battery. The water-repellent phone has a 21 megapixel rear camera and a 2 megapixel front camera. The connectivity options in the Moto Turbo include 3G, Wi-Fi and Bluetooth 4.0. The phone is poised to compete against the likes of Samsung Galaxy Note 4, Sony Xperia Z3 and HTC One M8.

The Moto G is available on Snapdeal in only one colour-black..

Lenovo's budget smartphone has many new features

Lenovo has launched the A7000 with a great multimedia package at an affordable price. The phone comes with the latest Android OS along with Dolby Atmos surround sound, which is the main new attraction introduced by Lenovo.

The main features of the phone include a 13.97cm (5.5 inch) IPS HD multi-touch display with the latest Android v5.0 Lollipop OS run by a 1.5GHz octa-core MediaTek MT6572M chipset.

The Lenovo A7000 dual SIM phone comes with 8GB internal memory and 2GB RAM. It has a non-removable 2,900mAh Li-Po battery. Connectivity options include 3G, Wi-Fi, GPS/A-GPS, a USB port and Bluetooth v4.0. Other features are: an 8MP primary camera with LED flash and a 5MP front camera, FM radio and memory extendable up to 32GB.

The Lenovo A7000 will be available in two colours – Onyx Black and Pearl White. The device has been available in the market since the first week of April.
