HP's Pro Slate tablets will be available this May

HP has launched two new tablets—the HP Pro Slate 8 and HP Pro Slate 12 with a 19.96cm (7.86 inch) full HD QXGA (2048 x 1536 pixels) display and a 31.24cm (12.3 inch) (1600 x 1200 pixels) display, respectively.

Both the tablets run on Android 4.4 KitKat, out-of-the-box, along with a 2.3GHz quad-core Qualcomm Snapdragon 800 SOC and 2GB RAM.

The Pro Slate 8 is available in two variants of 16GB and 32GB, whereas Pro Slate 12 is available only with the 32GB storage option. Both the tablets offer storage with a microSD card, expandable up to 32GB.

The tablets are packed with the new HP Duet Pen and are equipped with Wi-Fi 802.11 a/b/g/n/ac, Bluetooth 4.0 and near field communication. Both the devices are also equipped with an 8 megapixel rear and a 2 megapixel front camera.

The tablets will be available in the market from May 2015.

Price: ₹ 33,000 and ₹ 41,500, for Pro Slate 8 and Pro Slate 12 respectively
