

Would You Like a Cup of Cappuccino or Information You Can Use for Ever?

You can have both, of course! But while a cup of cappuccino at a decent coffee shop may cost you well over ₹100, you can enjoy a copy of Electronics For You magazine for just ₹50, or ₹100 if you are keen to get it by courier, with free software and source codes for the DIY projects in the magazine.

Get hold of a copy of the magazine from your nearest news-stand or bookstore. If you don't find it there for some reason, let us know where exactly you looked for it and we will send you a sample copy free of cost.
