

CALLING ALL USERS of PostgreSQL

It's time for you
to enjoy rewards
& recognition

EnterpriseDB is building a central repository of all PostgreSQL or Postgres Plus deployments within India so we can share our experiences, lessons learned and successes with one another. If you have deployed PostgreSQL or Postgres Plus in your organization or institution, please share those details with us and become part of the community!

(To know more about EnterpriseDB & PostgreSQL please visit www.enterprisedb.com or www.postgresql.org)

Exciting implementations (and their implementers) will get featured in **LINUX For You**, and a lucky few will win a **Samsung Galaxy Tab** every month!

Prizes subject to availability

Questions for EnterpriseDB Contest:

For which project have you used PostgreSQL as a major database?

Do you feel PostgreSQL has a majority of enterprise-level features to run any mission/business critical application efficiently? Please share your experience in this regard, if any?

How did you find it in comparison with the other enterprise level proprietary databases?

What implementation challenges did you face while deploying or migrating to PostgreSQL?

Please submit your details below:

Name _____ Organization _____ Designation _____ Mobile _____
Email ID _____ Address _____

In case if you found the above space less, please fill the details online at: www.linuxforu.com/enterprisedb/ or attach a sheet with this form

Answer the above questions and send completed form to: Dhiraj Khare (dhiraj.khare@efyindia.com)
