

8 Websites for Your Daily FOSS Fix

We FOSS users are a passionate, opinionated and vocal gang—no wonder there're a huge range of publications covering FOSS, from amateur blogs to serious websites with mugshots of bespectacled writers. But what do you have to gain from reading the FOSS media? Well, just as you get your fix from invigorating drinks like coffee or tea, here's a potent brew of eight websites that cover FOSS. That should give you your fix of FOSS news and reviews.

*L*ike little biscuits and large muffins, we've arranged the eight from general to specialist reading, from light to heavy fare. They are, of course, a subjective choice—but one thing's clear: they're great with coffee.
