

24th & 25th June 2010, Taj Lands End, Mumbai, India

UNIFYING IT TO MEET THE BUSINESS CHALLENGES OF TOMORROW

India's premier Banking, Technology Forum gathers India's leading Bankers, Insurers and Technology giants under one roof. This forum incorporates various pertinent core themes, and addresses core technology issues that are challenging the Indian banking & Insurance industry today. The intent is to provide the audience with a diverse spectrum of technology and business related issues and those that have an inherent ability to profoundly impact the Banking & Insurance business environment. The full day multi-track Conference will discuss critical business and technology related issues and will try to seek answers against a relaxed ambience.
