

EnterpriseDB
The Enterprise PostgreSQL Company

CALLING ALL USERS of PostgreSQL

It's time for you
to enjoy rewards
& recognition

EnterpriseDB is building a central repository of all PostgreSQL or Postgres Plus deployments within India so we can share our experiences, lessons learned and successes with one another. If you have deployed PostgreSQL or Postgres Plus in your organization of institution, please share those details with us and become part of the community!"

(To know more about EnterpriseDB & PostgresSQL please visit www.enterprisedb.com or www.postgres.org)

Exciting implementations
(and their implementators) will get
featured in **LINUX For You**, and a
lucky few will win an **Apple iPad** or
Samsung Galaxy Tab every month!

* prizes subjected to the market availability

Questions for EnterpriseDB Contest:

In which project you have used
PostgreSQL as a major database?

Do you feel PostgreSQL has a majority of Enterprise Level
feature to run any mission/business critical application
efficiently? Please share your experience if any?

How you find it in comparison with
other enterprise level propriety databases?

What all implementation level of challenges
you have face while deploying/ migrating /
using PostgreSQL?

Please submit your details below:
