

## Quality knowledge for the forward thinkers

Updating knowledge is an ongoing process. The higher you reach, the more you need to strengthen your base. Nullcon, being a prestigious event in Information Security, is not short on these initiatives either. Presenting Seven thoughtfully designed training modules on the currently important topics concerning the IT fraternity. Learn it from the veterans. Gain valuable knowledge. Apply. And move up the ladder...

- ◆ Learn From Global Experts ◆ Learn to use free tools and software
- ◆ Deep technical / advanced sessions ◆ Hands-on live case discussion
