

5. LG Optimus 2X

The LG Optimus 2X has received rave reviews ever since its global launch and the device comes with fabulous specifications. It features a 10.2 cm (4 inch) IPS display, an 8 MP camera, a 1.3 MP front-facing camera, NVIDIA Tegra 2, HDMI support and a 1500 mAh battery. And the icing on the cake is that the device is expected to get the Android Ice Cream Sandwich (ICS) update in the coming days. If you always wanted to buy this device, but were prevented by the high price, now here's your chance to grab the power-packed LG Optimus 2X from Letsbuy.com, as it comes at a slashed price at the online shopping site.

Price: ₹ 19,999 (only at Letsbuy.com)

6. Sony Ericsson Xperia Arc

Sony Ericsson Xperia Arc is an Android touch-phone with a super-screen. The 10.7 cm (4.2 inch) display is powered by the Sony Mobile BRAVIA Engine. It has an 8.1 MP camera with a Sony Exmor R mobile CMOS sensor for capturing 720p HD videos. It also has TV connectivity through HDMI, is powered by a 1 GHz Qualcomm Snapdragon processor, and runs on the latest Android 2.3 Gingerbread.

Price: ₹ 27,499

7. Sony Ericsson Xperia Play

The device is very popular with gaming freaks, as it has been launched with more than 60 games from the industry's biggest content providers, including Sony Computer Entertainment, Gameloft, Electronic Arts and Glu Mobile. The range of games available for download at launch is a combination of original PlayStation titles, well-known 3D titles that take full advantage of the graphical capabilities and controls of Xperia Play, as well as popular casual games—all optimised for the unique game pad. Slide out the controls of your Xperia Play and get behind the wheel of a race car. Or jump into a street fight. Update your Facebook status, or explore apps on Android Market. This is a super-efficient, full-featured Android mobile phone, featuring a 5 MP camera with auto-focus, an LED flash, a 1 GHz Scorpion processor with Adreno 205 GPU, and 512 MB of RAM.
