

8. HTC Desire S

The HTC Desire S, equipped with the latest HTC Sense experience, perfectly combines a sleek unibody design with powerful features and is a worthy successor to the much-acclaimed HTC Desire. Inspired by the HTC Legend smartphone's design, the HTC Desire S is sculpted out of a single block of aluminium. It blends a stunning design with incredible speed, being powered by Qualcomm's new 1 GHz Snapdragon MSM8255 processor. It offers front and back cameras, HD video recording, and the 9.4 cm (3.7 inch) WVGA display presents multimedia content brilliantly.

Price: ₹ 26,999

9. Samsung Galaxy S

The Samsung Galaxy S (I9000) introduces a totally new class of smartphone with a wealth of intelligent, immersive and integrated lifestyle experiences. Featuring Samsung's dazzlingly bright 10.2 cm (4 inch) Super AMOLED screen and a 1 GHz application processor, the Android-powered Samsung Galaxy S is designed to provide best-in-class services and technologies. It claims to introduce people to the concept of the 'Smart Life'—a smartphone experience that is simple, organised and integrated. The Galaxy S features Samsung's super-fast TouchWiz 3.0 user-interface (UI), giving users instant access to their mobile lives. The Smart Life is further enabled through intuitive, integrative features, including the Swype text input service, the rich augmented reality browser, Layar, and advanced Location Based Service (LBS) capabilities.

Price: ₹ 22,900

10. Samsung Galaxy R

The Galaxy R smartphone is designed like the SII, with a slightly smaller display of 10.7 cm (4.2 inch). However, Galaxy R misses out on the AMOLED display but features a super-clear LCD, like the one on the Samsung Galaxy I9003. The Galaxy R has Android Gingerbread v2.3 with Samsung's TouchWiz user interface on top of it. The new smartphone also features Samsung Hubs, which can deliver content such as gaming, music, social media and videos directly to the user. It also comes equipped with a 5 MP camera with a power LED flash capable of recording 720p HD videos at 30 frames per second. For video calling, it also features a 1.3 MP front camera.

Price: ₹ 27,000 (approx)
