No 3D glasses needed for Touchmate's new 3D Internet tablet

In June 2012, Touchmate launched the world's first 3D Internet tablet that can be viewed without any 3D glasses. The Touchmate 3D Android tablet is the world's first 20.3 cm capacitive multi-touch screen, which offers a 1280×768 pixel resolution.

It runs on the latest Google Android 4.0 OS, which has a specifically designed GUI for a comfortable entertainment experience.

It has a 1 GHz Arm Cortex A9 high speed dual core processor for quick Internet access, fast browsing, real motion video and movies playback. It has Wi-Fi, Bluetooth and a dual camera (front and back) for recording and chatting. The Touchmate 3D Tab supports HD Video Playback with its built-in HDMI-Out port, which can be plugged directly to a high-definition LCD TV, converting its programmes to smart Internet TV, which is a unique feature. The Touchmate glasses-free 3D Internet tablet is the first of its kind to hit the Indian market.

Samsung launches its flagship Galaxy S III in India

In May 2012, Samsung Electronics Co Ltd launched the Samsung Galaxy S III in the Indian market. The device has a 12.2 cm HD super AMOLED display, an 8 MP camera and a 1.9 MP front camera, which offer users a variety of intelligent camera features that include voice and face recognition related options. Samsung Galaxy S III is powered by Android 4.0, Ice Cream Sandwich and has several unique features including the 'Smart Stay', 'S Voice' and 'S Beam' that allow a 1 GB movie file to be shared within three minutes and a 10 MB music file within two seconds just by touching one Galaxy S III to another, even without a Wi-Fi or cellular signal. To ensure faster content sharing and connectivity, the Galaxy S III offers Wi-Fi Channel Bonding, which doubles the Wi-Fi bandwidth.

Available in Pebble Blue and Marble White at launch, Samsung plans to introduce a variety of additional colour options subsequently. Local Galaxy S III users can download India-oriented applications like My Movies, My Music and My Reader from 'Samsung Apps'.
