

Are your email marketing contacts theft-proof?

Carry out Email Marketing campaigns without stressing on **data theft** with netCORE's email marketing platform **Energic MassMail**

How it helps you?

- Authorize every download of your contacts
- Time-sensitive **one-time password (OTP)** sent to **registered mobile numbers** only
- Instant notification upon download activity to all registered mobile numbers & email IDs

More unique features in Energic MassMail

QuickCampaign

Create campaigns in a single page without toggling between multiple tabs

ListFix

Automatically fix typos in email IDs while uploading contacts

ROI Tracker

Track conversions/revenue generated by email campaigns
