

An event that would add new impetus to your business through expert knowledge sharing, business opportunities and futuristic technology.

View the glimpse of future in IT security. Witness the latest versions of hi-tech solutions. Nullcon is a multifaceted experience in the world of IT Security, business avenues and innovative techniques. This international event, organized by Null – the largest open security community in India, is scheduled on 28th – 29th September 2012 at Delhi. In its 4th avatar, Nullcon is unarguably the biggest opportunity to boost your brand image among the IT security fraternity. Exhibit your products, promote them through prototype talks, organize a training session under your banner or participate as a delegate. Nullcon is approaching!! Gear up to make the most of it.

- ◆ Globally acclaimed event ◆ Opportunity to listen to expert speakers
- ◆ Platform for business enhancement ◆ Curtain raiser of future technologies
- ◆ B2B & B2C dialogue ◆ Solutions for complex IT Security challenges

28,29 September 2012
