

The A-Z List Of Training and Certification Providers

Amrita Institute of Computer Technology (AICT) | Secunderabad

AICT offers courses on RHCSA, RHCE, RHCSS, RHCVA, RHCDS, RHCA and JBCAA. It has set itself apart from the other training institutes by the value-based education that it imparts to both students as well as corporate clients, combining the latest in the sphere of information technology with the principles of love and selfless service.

Professional customisation: Amrita has delivered courses on-site and in-house for GE, BSNL, IVRCL, Cordys, Genpact, NRSA, UBS, etc.

Placements: Candidates are provided life long support for career enhancement, to search for jobs and to get academically and professionally updated. Administrators and developers from GE, Satyam, Wipro, TCS, Infosys, Oracle, Softpro, Northgate and others have been successfully trained and certified from AICT.

Special mention: Amrita has been recognised for being the best training centre and for having conducted the highest number of Linux examinations in the SAARC region in 2004. In 2005, it won accolades for its performance from RedHat Global Learning Services. It has won the prize for 'The Best Certified Training Partner in the Southern Region' for achieving the best results, which have been consistently above 95 per cent (passed), and for the quality of education offered, in the entire region. Overall, AICT has won the laurels from RedHat Global Learning Services as the best institute for 'Excellence in Training And Certification' from 2002-2006.

Caballero Consultancy Pvt Ltd | Mumbai

Linux Training & Certification (LTC), a division of Caballero Consultancy Private Limited, offers basic and certification-level courses. LTC is a Training Partner of both RedHat and Novell. Courses offered are RHCSA, RHCE, RHCVA, RHCSS, Novell Certified Linux Administrator, Novell Certified Linux Professional, Linux Basics and custom courses for corporate clients.

Professional customisation: Working professionals can avail of the weekend and evening classes. Students with pre-requisite knowledge can also opt for fast-track training to complete their course in the shortest possible timeframe.

Placements: LTC offers an informal placement service to its trainees. Candidates trained by LTC are working at reputable companies like TCS, Reliance and Colgate, among others.

Special mention: LTC is regularly invited to several regional educational institutes for seminars and workshops to disseminate information about the latest IT trends, specifically related to Linux. It is also recognised by RedHat and Novell for the high standards of training imparted at the institute.

Complete Open Source Solutions (COSS) | Hyderabad

COSS is an authorised Red Hat Training Partner and Novell Gold Training Partner. It provides training and examinations for RHCSA, RHCE, RHCVA, RHCSS, RHCDS, RHCA, RedHat Cloud Architecture, Novell Certified Linux Professional and Novell Certified Linux Administrator.

Professional customisation: Corporate training modules are customised as per the clients' needs so as to deliver the maximum benefit to them. The client is involved in deciding the duration, venue and mode of training that is convenient for both the parties

Placements: In 2010 and 2011, COSS organised on-campus placement drives for freshers, where about 20 IT companies participated and recruited students. Currently, its students are working with companies like Accenture, Bank of America, CA, CSC, Cognizant, Dell, Genpact, Google, IBM, HCL, Oracle, Research In Motion (RIM), Synopsis, TCS, Tech Mahindra, Thomson Reuters and Wipro.

Special mention: COSS has won the 'Best Certified Red Hat Training Partner – South India' award three times, from 2005-2008. It also won the 'Best Regional Red Hat Certified Training Partner in South India' for 2011-2012. A COSS student was awarded the 'RHCE of the Year' prize in the Asia Pacific Region for 2009.

Did you know? COSS students get access to a simulated enterprise data centre in the COSS classroom, which makes them feel they're resolving real-time issues rather than just learning the concepts.
