

The A-Z List Of Training and Certification Providers

FOSTERing Linux | Gurgaon

FOSTERing Linux offers all RedHat training and certification exams that are available in India, namely RHCE, RH 142, RHCS, RHEV, RHCA and Jboss. Workshops are also conducted on Postfix Mail Server, Linux Cluster Workshop, Open LDAP Shell Scripting, Perl and PHP. FOSTERing Linux will also soon be offering new RedHat training modules on RHD 251, RHD 361, RHD 362, RedHat Cloud Architecture along with some Jboss training based on SEAM and Hibernate.

Professional customisation: 70 per cent of the student base consists of working professionals. So training and workshops are customised accordingly.

Placements: FOSTERing Linux is the training wing of Keen & Able Computers Pvt Ltd. So, many of its students are offered jobs at Keen & Able to meet the latter's customers' requirement for properly trained and skilled resources. Students have also been placed in companies like Hangama, HT Media and RedHat.

Special mention: The firm has received awards like the 'Most Promising Partner' and 'Outstanding Contribution as a RedHat Certified Training Partner'.

Did you know? Interested students can work alongside engineers on R&D projects going on at Keen & Able.

IPSR Solutions Pvt Ltd | Kottayam

IPSR Solutions Pvt Ltd offers international IT certification programmes in RedHat Linux. Certifications are offered in RHCSA, RHCE, RHCV, RHCS, RHCD, RHCA, etc. IPSR provides assistance in academic projects related to open source technologies for MCA, B.Tech and M.Tech students. Training is also offered in the LAMP stream (Linux, Apache, MySQL, PHP).

Professional customisation: IPSR offers customised corporate training programmes to various organisations in the public as well as the private sector. Additional training is also provided if the candidates need to get equipped with certification in more advanced topics.

Placements: The firm has a separate Career & Placement division that also serves as a leading placement services provider in south India. Students of IPSR have been placed in companies including IBM, Intel, RedHat, Cisco, Infosys, Wipro, TCS, HP and a host of other multinational and domestic companies.

Special mention: IPSR has bagged the RedHat International Award for the last four consecutive years and also bagged the RedHat National Awards consecutively from 2004 to 2008. The firm has also been awarded the prestigious Samman Patra award by the Ministry of Finance, Government of India.

Did you know? IPSR also has a customised job assurance programme named the IPSR IT Finishing School that offers various open source IT certification programmes based on the students' aptitude and passion. It offers an excellent platform for students who have problems in getting placed due to insufficient cut-off marks, back-papers, academic gaps, etc.
