

CONTENTS

JANUARY 2024 | ISSN-2456-4885

FOR U & ME

- 21 Generative AI: The Challenges and Some Solutions
- 23 AI: Where the Problem also Happens to be the Solution
- 35 Open Source Software Adoption on the Rise: Insights from a Survey
- 37 The Pitfalls of Using AI in Writing
- 39 Industrial IoT and Open Source Apps: Shaping the Future of Manufacturing

FOCUS

- 48 Tools for Monitoring and Managing Containers
- 52 AI and Docker A Powerful Partnership
- 55 Deploying a Java-Based Application in Docker
- 62 The Benefits of the Artifactory Docker Registry
- 64 Developing Containerised Solutions on the AWS Platform
- 68 Deploy a Cloud Container Using Azure AI Cognitive Services
- 73 Why and Where to Use Kubernetes

DEVELOPERS

- 82 Enhance Platform Engineering with an Internal Developer Platform
- 85 Parallel Programming in Linux Using OpenMP
- 90 Understanding Cache Techniques

OPEN GURUS

- 94 Make a Digital Clock on Your Android Mobile Device

“More than a technical problem, open source management is a business problem”
