

Lapcare's new 3G Wi-Fi router has a built-in power bank

Lapcare has announced the launch of the first smart wireless 3G router—the Smart 3G Wi-Fi, a multi-functional router with a power bank for small offices, smartphone users and frequent travellers. It provides connectivity at a speed of 150 MBps while on the move.

Lapcare's Smart 3G Wi-Fi router can support up to 32 Wi-Fi-enabled devices simultaneously, once set up as a Wi-Fi hotspot. The built-in power bank has a 4400 mAh battery to easily charge smartphones, iPhones and tablets. It weighs 124 grams and supports a built-in USB card reader, allowing users in the network to directly access data from the card reader. It has a connection range of 30 metres when used indoors and 50 metres outdoors. It comes with a bundle of accessories like a charging data cable and a warranty card. For on-the-go users, the router has wireless network attached cloud storage.

The router complies with 802.11b/g/n standards, offers a GSM SIM slot and 3G network support. The Smart 3G Wi-Fi router comes with a warranty period of one year. By registering at www.lapcare.com the buyer gets the benefit of an extension of one month over the one-year warranty. The product is available with Lapcare's national distributor, Rx Infotech Pvt Ltd.

A new, low-priced Android smartphone from Spice

Home-grown manufacturer Spice Mobiles has launched the Stellar 509, an Android-based smartphone, to lure the budget customers. The Spice Stellar 509 is available via e-commerce website, HomeShop18.

The phone features a 12.7-cm (5-inch) FWVGA IPS display with a 480 x 854 pixel resolution. It is powered by a 1.3 GHz quad-core (unspecified chipset) processor coupled with 1 GB of RAM. It sports an 8 MP rear camera with an LED flash and a 2 MP front-facing camera. It comes with 4 GB of in-built storage expandable up to 32 GB via microSD card. The dual-SIM device runs Android 4.2 Jelly Bean out-of-the-box.

Connectivity options include Wi-Fi, Bluetooth, Micro-USB, A-GPS and 3G. It has a 2000 mAh battery. "Spice is delighted to offer yet another champion product exclusively to customers of HomeShop18. Stellar 509 is a true combination of performance and style ensuring a super smooth experience for the users," said T M Ramakrishnan, CEO - Devices, Spice Retail Ltd.

Sony offers a larger battery capacity in the CP-V3A USB portable charger

Sony India has announced the launch of its new CP-V3A USB portable charger. The device is an upgrade from the earlier 2,800 mAh model. The new portable charger now boasts a larger battery capacity without any increase in size. It has a capacity of 3,000 mAh now.

The device is available in six different colours. It contains Sony's lithium-ion battery and uses the company's own Hybrid-Gel technology, which allows the charger to retain 90 per cent of its capacity through 1,000 charges.

With a high output of 1.5A for a speedy boost, the CP-V3A USB portable charger is ready-to-use straight out of its packaging. So even if you find yourself outdoors with a dying device, emergency power is immediately available upon purchase of the CP-V3A, which comes with a micro-USB cable to plug into your power-starved device. The CP-V3A will be available at all Sony Centres and major electronic stores across India.
