Praveen Klp: Which Internet Security Virus Scanner is the best?

Like · comment

Vicky M Arakk: If you make a method of updating your antivirus on a daily basis, I would vouch for QuickHeal or Kaspersky.

Shivam Gupta: I would recommend the Virus Scanner which has a deep scanning technique and updates itself quickly. That means the Virus Definition Table remains updated with Current Virus Definition.

Libre Vyas: I want to back up my whole OS as a bootable ISO. I am using Ubuntu precise pangolin. How should I go about the same?

Ömer Gecekuşu: Check this out if you want to back up your HDD. Here is the link: http://www.dedoimedo.com/compu.../free_imaging_software.html

Subrata Saha: We had successfully configured SAMBA4 Domain Controller and added Windows 7 and XP client without doing any registry change. We are looking for any open source solution how to access that Domain controller via Browser in a network.

Anand Kethavarapu: Instead of Samba4, try OpenLDAP to configure DC and it is free.

Hugo Desconstrutor: Hi, I am looking for a nice alternative to dreamstudio. Does anybody know of a Mint distro? I hate unity, its only good to slow down my PC.

Santiago Acevedo: Try Mint Devian, or Mint XFCE. I use the last one, but is not as visually nice as Mint Cinnamon.
