

A List Of Training and Certification Providers

Advantage Pro | Chennai

This is one of the biggest Red Hat Training Partners in South India. Its key strength lies in what the company claims is its innovative approach. Besides this, its strategic business alliances with key players in the industry like Red Hat, Novell and Pearson Vue enable it to offer international certifications, including the open source Linux-based Red Hat and SUSE programmes, besides all major certifications from Microsoft, Sun Microsystems and Cisco.

Amrita Institute of Computer Technology (AICT) | Secunderabad

AICT offers courses on RHCSA, RHCE, RHCSS, RHCVA, RHCDS, RHCA and JBCAA. It has set itself apart from the other training institutes by the value-based education that it imparts to both students as well as corporate clients, combining the latest in the sphere of information technology with the principles of selfless service.

Caballero Consultancy Pvt Ltd | Mumbai

Linux Training & Certification (LTC), a division of Caballero Consultancy Private Limited, offers basic and certification-level courses. LTC is a training partner of both Red Hat and Novell. Courses offered are RHCSA, RHCE, RHCVA, RHCSS, Novell Certified Linux Administrator, Novell Certified Linux Professional, Linux Basics, and custom courses for corporate clients.

Complete Open Source Solutions (COSS) | Hyderabad

COSS is an authorised Red Hat Training Partner and Novell Gold Training Partner. It provides training and examinations for RHCSA, RHCE, RHCVA, RHCSS, RHCDS, RHCA, Red Hat Cloud Architecture, Novell Certified Linux Professional and Novell Certified Linux Administrator. Corporate training modules are customised as per clients' needs in order to deliver the maximum benefits to them.

FOSTERing Linux | Gurgaon

FOSTERing Linux offers all the Red Hat training and certification exams that are available in India, namely RHCE, RH142, RHCSS, RHEV, RHCA and JBoss. Workshops are also conducted on Postfix Mail Server, Linux Cluster Workshop, Open LDAP, Shell Scripting, Perl and PHP.

GRRAS Linux Training and Development Centre | Jaipur

GRRAS offers training/certifications in RHCE, RHCSS, RHCDS, RHCA, RHCVA, CCNA, CCNP, PHP, MYSQL, JAVA, Shell Scripting, Perl, Android, robotics and much more.

Professional customisation: The centre offers training to corporate batches comprising working professionals, based on their requirements and the corporate scenario.

Placements: The institute provides 100 per cent placement assistance to all its students. It has successfully placed students in several reputed firms such as Google, HP, McAfee, Benchmark, HCL, Birlasoft, Wipro, Yahoo, Red Hat, etc.

Special mention: The institute has been recognised as the best Red Hat Certified Training Partner of North India.
