

Did you know? It is India's only Red Hat Training Partner that provides online training for Linux courses.

Website: www.grras.org

GT Enterprises | Bengaluru

GT Enterprises offers Qt Cross Platform Application Training, Red Hat Linux (admin courses) and PostgreSQL (introduction and advanced). It offers certifications in Qt Diploma, Red Hat, etc; in the closed source domain, it offers certifications in VMware, PostgreSQL, Mathematica, etc. Most of its training programmes are meant exclusively for working professionals. The company has a state-of-the-art training facility, which enables it to offer training modules that comprise '50 per cent lab and 50 per cent class room' sessions.

Indian School of Ethical Hacking (ISOEH) | Kolkata

Indian School of Ethical Hacking focuses purely on security, with courses on Ethical Hacking, Digital Forensics, Wireless Security, Network Penetration, Database Security and Web Application Penetration Testing. Global certifications like CEH (Certified Ethical Hacker), CHFI (Forensics) and LPT (Licensed Penetration Tester) from the EC-Council are also offered.

Intaglio Solutions | New Delhi

Intaglio offers over 50 training programmes in Red Hat, Cisco, Sun, etc. The firm is an authorised training partner for Red Hat. It provides training in RHCE, RHCSS, RHCVA, RHCA, MCSE, MCITP, CCNA, CCNP, CCIE, PHP Scripting, .NET, Java and Oracle across New Delhi through a company-owned network of centres, which is the largest in North India.

IPSR Solutions Pvt Ltd | Kottayam

IPSR Solutions Pvt Ltd offers international IT certification programmes in Red Hat Linux. The certifications offered are in RHCSA, RHCE, RHCVA, RHCSS, RHCDS, RHCA, etc. IPSR provides assistance in academic projects related to open source technologies for MCA, B Tech and M Tech students. Training is also offered on the LAMP stack (Linux, Apache, MySQL and PHP). IPSR offers customised corporate training programmes to various organisations in the public as well as the private sector. Additional training is provided if the candidates need to get equipped with certification in more advanced topics.

Koenig Solutions | New Delhi

Koenig Solutions offers courses on RHCE, RHCSA, RH242, RHCVA, RHCSS, Red Hat Apache and Secure Web, Securing Linux, Server Administration, Perl, Bash Shell Scripting, Python, CLP, CLA, CLE, LAMP, LPIC, Zend PHP, Drupal 7, Joomla, etc. What sets Koenig apart from other training providers is its unique business model, which is based on the concept of education tourism. Koenig offers full-time courses for working professionals in three different tracks - regular, fast and superfast - depending upon their requirements.

Koenig Solutions is ranked No 1 in the world in the offshore IT training space. It is an authorised training partner for Red Hat, LPI, Microsoft, Oracle, Cisco, EC-Council, Novell, VMware and Adobe, among others.

Linux Learning Centre | Bengaluru

Linux Learning Centre offers training/courses on Linux Server Administration, Linux Developer and Linux Scripting. It also offers training with certification in RHCE, RHCSS, RHCVA, RHCA, RHCDS and SUSE Novell. The courses offered here are for working professionals only. Training can be customised based on client requirements. Customised seminars are provided for students on the same content.

Linux Lab | Pune

Linux Lab offers courses like Global Linux Systems Administration, Global Android Mobile Professional, Linux Virtualization Administration (KVM), Global Embedded and Kernel Technology, Linux Device Driver Programming, Global Linux Scripting
