

A Bluetooth stereo headset from Rapoo

Wish to get rid of the wires snaking out from your backpack, purse or pocket while enjoying music? Check out the Rapoo S500, a Bluetooth stereo headset. It runs on the latest Bluetooth 4.0 wireless technology

that reduces power consumption and provides longer battery backup. Rapoo S500 is lightweight, highly portable and comes with excellent sound quality. With an inbuilt hidden microphone, it delivers excellent quality of voice calling and can switch between calls and music with ease.

Rapoo S500 is designed to meet the user's demand for both a lightweight headset and high portability. The product was built in response to feedback coming from reviewers across the world for Rapoo to move its products up to the next level and keep them well ahead of the competition. Users can enjoy music anywhere easily. The S500 works well in both wired and wireless modes.

Sunil Srivastava, country marketing manager at Rapoo Technologies Limited, said, "Rapoo has brought innovation to headsets by improving their overall quality. The Rapoo S500 is lightweight, highly portable and addresses a major demand for connecting quickly to calls and devices."

Seagate launches a 4 TB storage hard drive

It seems Seagate Technology has great plans for expanding its footprint in the Indian market. The company has introduced Backup Plus FAST, a portable drive that provides twice the capacity and speed of existing external portable drives, according to the company. The new Seagate Backup Plus FAST drive features a super speed USB 3.0 interface to deliver transfer speeds of up to 220 MB per second. So if you are a movie-maker or a shutter-bug looking for quick backup for your work, this is ideal for you.

The metal-top case of the Seagate Backup Plus FAST drive is of a high quality and sturdy in design, and is resistant to scratches and fingerprints. The drive needs no external power supply and is compact enough to fit easily into a camera bag or backpack while delivering the same or higher capacity of today's desktop drives.

Rajesh Khurana, country manager, India & SAARC, Philippines, Vietnam, Indo-China and Singapore for Seagate Technology, said, "This product will appeal to all the creative users out there who are looking to back up their work."

Price: ₹ 25,000

Address: Seagate India, 914-914 A, International Trade Tower, Nehru Place, Block E, Nehru Place, New Delhi; **Website:** <http://www.seagate.com/>

Check out Lava's new Android smartphone

Here is yet another addition to the Lava's Iris series – the Iris 504Q+. The smartphone is the successor to the Iris 504Q. It features a 12.7cm (5 inch) full HD IPS display with a resolution of 720 x 1280 pixels. Powered by a 2000 mAh battery, the smartphone comes fitted with a 10 MP rear and 2 MP front camera. It runs Android 4.2 (Jelly Bean) and has 1 GB of RAM. The gesture motion feature on the Lava Iris 504Q+ allows users to interact with the phone with just a swipe of the hand.

S N Rai, co-founder and director of Lava International Ltd, said, "We have always tried to bring in the latest technology for our consumers and cater to their requirements. And we do this by regularly coming out with innovative products."
