Loved reading OSFY

Uma Hoysala: I just got a free copy of your magazine from the recent OSI event and, I must say, I could not stop reading it—I read the entire magazine at just one stretch! The collaborated contents are really interesting. Count me in on becoming a regular subscriber. Thank you for putting together such an informative magazine. Also, loved the idea of the ezine—a good way to go green!

OpenSource For You: Hey, thanks Uma, for the wonderful feedback. We are indeed pleased to know that you read our newly renamed mag at one go! The OSFY team will always aim to put in its best to consistently earn our readers' satisfaction.

Wish to know tool used for DVDs

Atul Anand: Which tool do you use to create so many DVDs that come free with the magazine?

OpenSource For You: Dear Atul, these DVDs are not created manually, but are replicated in an automated manufacturing plant, in bulk.
