Training On Storage "StarAdmin"

An Introductory Training Program in Data Storage

StarAdmin is a 2-day full time program designed to provide a comprehensive introduction to Data Storage. The program combines class-room instruction with hands-on lab with storage hardware and software.

StarAdmin is an ideal platform for Network & System Administrators and hardware, networking, OS, server & virtualization engineers to acquire a solid foundation in data storage technology.

The program will also facilitate System Integrators and FM service providers currently offering solutions in computing infrastructure to graduate to data storage administration, management and solutions.

StarAdmin is brought to you by GT Enterprises, a pioneer in IT Training and The Datalifecycle Company, an independent integrator of data storage solutions.

Special Offer
₹ 9,999/-

StarAdmin Training
