Instead of giving up on a upwardly mobile career in IT, may we suggest you try PostMaster Enterprise, a powerful and trusted mail server, serves as the foundation of your email infrastructure. And the Archiving Module turbo-charges PostMaster Enterprise by taking over the mail storage and making it central, retrievable and secure. Just log on to www.postmaster.in or to request a demo, sms **POSTMASTER** to **56070**, and retire at a suitably ripe old age.
