Asia's digital signage market**

Exhibition Highlights include:

Country Pavilions

The best digital signage players from Asia will be showcasing their 'home-grown' solutions to generate new businesses for their companies.

Content Pavilion

The Content Pavilion provides the perfect setting for interaction between new media networks brand marketers and ad agencies seeking non-traditional media outlets. It will be an effective platform for you to showcase your solutions and activities within the digital advertising space.

40 Targeted On-floor Seminars

The on-floor seminar theatres will feature over 40 presentations. This is where suppliers educate attendees on the latest solutions and accent best practices in the industry.

Innovation Centre

The Innovation Centre will feature exhibitors showcasing their latest innovative self-service and kiosk, touch-screen and RFID technologies.
