## Network NUTS | New Delhi

Network NUTS offers training solutions in the Linux and Cisco domain. Red Hat Linux is its forte, for which it offers training on RHCSA, RHCE, RHCSS, RHCVA, RHCA, Shell Scripting, CCNA and VMware.

**Professional customisation:** Being North India's 'Best Red Hat Training Partner' for five years and with a dedicated training centre for Linux, the batches are available in all formats. As the centre is open on all seven days of the week, working professionals can choose weekends to enhance their Linux skills. Its corporate clients include HP, Orange, Ericsson, NIC, CERT-IN, IBM, IFFCO, IMD and a number of other government and non-government organisations.

**Placements:** The company has a dedicated placement cell to help students get the right headstart in their career. Network NUTS students can be found in IBM, HP, Orange, ST Microelectronics, HCL, Progressive Infotech, India Mart, Inventum and other national and international companies.

**Special mention:** Winner of the 'Best Red Hat Training Partner in North India' for the last five years. It is responsible for training the maximum number of Red Hat Certified professionals as well as the most number of RHCSS in North India.

**Did you know?** The firm is recognised as 'India's Most Loved Linux Training Company'. The firm has a technical channel on YouTube on which it shares tips, tricks and hacks related to Linux and which has over 200,000 views. It also has a very interesting Facebook page on which it shares one technical tip each day. Network NUTS also offers online training for Red Hat certifications.
