

IN A FASTER FORWARD WORLD

**Innovative experiences must be delivered
without speed bumps.**

The Web promises us more experiences, in more places, at more times than ever before. To stay ahead of user demands, you need a partner who has been there, done that, and keeps doing that. With Akamai as your partner, you are free to innovate while we deal with the complexities that come with turning groundbreaking ideas into cutting edge experiences.

Read and watch Forrester's tech strategies for new realities at Akamai.com/Innovation
