

Go chic with iBall's Bluetooth headset!

If style features high on your wish list, the latest iBall Vibro Bluetooth Headset is just for you. Armed with a built-in microphone to talk and make calls, it promises users crystal clear and distortion-free high quality stereo sound while listening to music or watching videos. Grabbing all the attention is the well crafted neck band design that should make heads turn wherever you sport it!

The lightweight iBall Vibro's fashionable and ergonomic design fits perfectly and can be used comfortably for hours. It not only protects your ears with its soft cushioning material but also gives you a brilliant sound experience.

Plugged on to the device is the easy-to-reach 'Call' and 'Music' buttons with which a user can seamlessly switch between calls and music on a tablet or phone. The Bluetooth function allows users to enjoy both their music and phone calls wirelessly. It has controls on the ear cups, making it easy to switch tracks without pulling out the music player. The Bluetooth edition can be paired with the wide range of Bluetooth phones, tablets and music players available.
