For iPad or iPhone go to Apple Store and download Electronics For You app

Android Devices

For Android devices, go to Google Play, download Magzter app and then select Electronics For You magazine

What's a Digital magazine?

Globally, digital versions of magazines are becoming popular with their readers. These are either available as 'apps' for tablets or smartphones, or as downloadable files for Internet browsers of any device. Digital Magazines not only save you from the hassle of going to a vendor to buy a copy but also provide convenience in archiving past issues and searching through them for topics of interest.

Available on Leading Digital Magazine Stores

Electronics For You has tied-up with leading Digital Magazine Stores across the globe to ensure that it's available for all. Here's a list of our Top Stores:
