

## Enhance your music experience with Rapoo's mini speaker

If you have an ear for great music, this product is for you. Rapoo has launched its A3160 Bluetooth 4.0 mini speakers, which can be used as a portable power bank as well. Users can charge their mobiles, MP3 players, tablets and other USB driven chargeable products. It also has a voice prompting feature that provides audio status updates. A3160 automatically switches between calls and music, and even supports handsfree speakerphone conference calls.

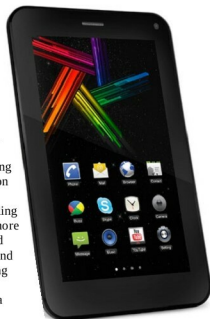

The A3160 comes with a mini USB charger and offers great sound for use at the home, office or while travelling. Users can control volume, pause/play music and go to the next/previous track by using the smart features on top of the speaker. Sunil Srivastava, manager, India Sales and Marketing, at Rapoo India says, "Rapoo A3160 is a multifunctional, elegant, classy and compact speaker with wireless Bluetooth communication and it can give life to your music. It can be connected anywhere with different sources."
