Boost your gaming experience with the TAG Pro mouse!

If games give you a high, this news is for you. Technology And Gadgets, one of the leading distributors and players in the accessories and peripherals domain, with its own brand 'TAG', unveiled its PRO series of the USB gaming mouse 007. The TAG PRO USB 007 is a high-performing gaming mouse designed with 800 to 2400 DPI laser sensor, adjustable weight tuning and a solid build. The mouse is framed with six fully programmable buttons and a scroll wheel that can be accessed without compromising on the grip of the mouse. It has a metal chassis design and contoured fit, making it comfortable on the hand.

Vikas Gupta, CEO and founder of Technology And Gadgets (TAG), says, "We have launched the TAG PRO USB 007 gaming mouse keeping in mind the large growing community of gamers. The mouse reflects the true gamer spirit and is designed to provide the maximum comfort to users."
