

3500mAh non-removable battery with fast charging options. Along with 4GB RAM, the smartphone has an internal storage of 64GB that is expandable up to 512GB. It features three rear cameras—a 48MP primary camera, a second 5MP camera, and a third 8MP camera. The front camera sports a 20MP sensor for selfies.

Price: ₹ 16,999

Samsung Galaxy A31: This premium A series smartphone was launched by Samsung in India on 24th March 2020. With a resolution of 1080×2400 pixels and 20:9 aspect ratio, the phone is available in a 16cm (6.40-inch) display. The phone is backed by a 2GHz octa-core MediaTek

Helio P65 processor that features two cores clocked at 2GHz, and six cores clocked at 1.7GHz. For battery backup, the phone is powered by a 5,000mAh battery along with support for fast charging. The phone operates on the latest Android 10 OS. It features 6GB RAM and an internal memory option of 128GB that is expandable up to 512GB via an SD card. As far as the cameras are concerned, the phone features a 48MP primary camera, a second 8MP camera, a third 5MP camera, and a fourth 5MP camera. It sports a 20MP camera on the front.

Price: ₹ 21,999

Samsung Galaxy M31: The Samsung Galaxy M31 features a 16.2cm (6.4-inch) display and a waterdrop notch at the top. It has thin bezels around the AMOLED display, which helps it stand out among the competition. The Galaxy M31 is comfortable to hold but a little heavy at 191gm. The weight of the smartphone is mainly due to the 6,000mAh battery.

The phone is equipped with Exynos 9611 SoC and 6GB RAM. It has two storage variants to choose from—64GB and 128GB. The Galaxy M31 is a dual SIM device with support for 4G as well as VoLTE. It has a quad-camera setup at the back with a 64MP primary camera. It also houses 8MP ultra-wide-angle camera, 5MP macro camera, and 5MP depth sensor.

Price: ₹ 18,499

Asus Zenfone 5Z: The Asus ZenFone 5Z comes with a 15.7cm (6.2-inch) display with full HD+ resolution and 19:9 aspect ratio. It is powered by Snapdragon 845 processor that is clocked at 2.8GHz. It features 6GB RAM and 64GB of internal storage, which is further expandable up to 2TB. The phone runs on Android 8.0 Oreo with

ZenUI 5 on top. It sports a dual-camera setup at the back—a 12MP primary camera and an 8MP secondary camera with a wide-angle lens. At the front, it has an 8MP selfie camera. The phone is powered by a 3300mAh battery along with 18W fast charging support. It is a dual SIM device with a hybrid SIM slot and support for Dual 4G and VoLTE.

Price: ₹ 16,999 (6GB+64GB), ₹ 18,999 (6GB+128GB)

Panasonic Eluga Ray 810: This Panasonic smartphone comes with a 15.7cm (6.20-inch) touchscreen. The phone is backed by a MediaTek

Helio P22 chipset and is powered by a 4000mAh battery. It sports a 16MP primary camera and a second 2MP camera. On the front, it sports a 16MP camera for

selfies. It features 4GB RAM and 64GB internal storage.

Price: ₹ 8,499

Moto G8 Power Lite: This is a complete budget smartphone launched by Motorola in April this year that comes with a powerful battery, an efficient processor, and many more

features. Along with a resolution of 720×1600 pixels at a pixel density of 269 pixels per inch (ppi) and an aspect ratio of 20:9, the phone comes with a 16.5cm (6.5-inch) display. It is backed by a

2.3GHz octa-core MediaTek Helio P35 (MT6765) chipset. It operates on Android 9 and is powered by a 5,000mAh non-removable battery. The phone features a 16MP+2MP+2MP rear camera and an 8MP selfie camera.

Price: ₹ 8,999 **END**
