Amazon Fire HD 8 (2018)

is one of the cheapest tablets that money can buy from a recognisable brand. It is perfect for those who want a cheap, yet good quality tablet primarily for media consumption and reading. The 2018 version of Amazon Fire HD 8 has small upgrades like a better front-facing camera and the use of Alexa voice commands even with the screen on standby. The Fire HD 8 tablet, along with the Show Mode charging dock accessory, allows users to turn the device into an Echo Show.
