

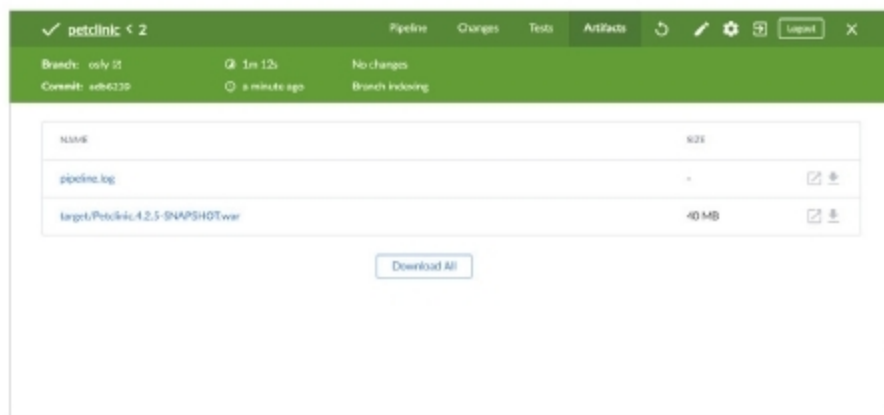

Figure 10: Blue Ocean artifacts

select *Commit to Branch**, and click on *Save & Run*.

Verify the execution of the pipeline. Click on *Tests* in the Blue Ocean dashboard and verify all the results. Click on *Artifacts* in the Blue Ocean dashboard, and verify all the packages or artifacts.

By configuring the above pipeline in Blue Ocean, the Pipeline script shown in Figure 11 is generated and saved in the version control system.

Table 1 gives the roadmap for Blue Ocean (Reference: <https://jenkins.io/projects/blueocean/roadmap/>). **END** 🐧
