

Wireless in-ear headphones from Sennheiser

Popular audio equipment manufacturer, Sennheiser, has launched wireless in-ear headphones called Momentum with NFC technology. They come with milled stainless steel earbuds for durability. With a frequency range of 15Hz-22,000Hz, the headphones feature an omni-directional microphone for calls. They also feature a rechargeable 170mAh battery with a charging time of around 1.5 hours.

With connectivity features like Bluetooth 4.1 and NFC, the headphones support audio profiles like A2DP, AVRCP, HSP, HFP and Qualcomm apt-X. The media controls are placed at the edge of the headband.

Momentum also features voice prompts to notify the pairing and battery status.

Price:
₹ 14,990

The headphones can be connected with up to two devices at the same time, and can be used as a wired headset with USB. The Momentum in-ear wireless headphones are available in black and ivory colours

via online and retail stores.
