P2: A budget-friendly smartphone from Lenovo

Chinese multinational technology company, Lenovo, has launched its latest smartphone, the P2, which comes with a huge battery backup of 5100mAh with a fast charging option.

The device has a premium metal body and sports a 13.9cm (5.5-inch) full HD super AMOLED display with a fingerprint sensor. It runs on Android 6.0 Marshmallow out-of-the-box and is powered by a 2GHz Qualcomm Snapdragon 625 SoC octa-core processor.

The Lenovo P2 comes in two variants of 3GB and 4GB RAM, with 32GB inbuilt storage expandable up to 128GB. It has a 13 megapixel camera with PDAF and dual LED flash, as well as a 5 megapixel front camera. The connectivity features of the device include 4G LTE, Wi-Fi 802.11ac, Bluetooth v4.1 and FM radio. The Lenovo P2 is available in champagne gold and graphite grey colour variants via online and retail stores.

Closed over-ear headphones from Sennheiser

German audio company Sennheiser has recently unveiled its closed back over-ear headphones, the HD 200 PRO, in India. Based on the HD4x1 series, the headphones feature proprietary neodymium magnets. The closed over-ear, lightweight design enables users to enjoy hassle-free music.

The headphones feature soft ear and headband cushions for a comfortable fit over long hours of music playback. They come with a 2 metre straight, single-sided, tangle-free cable along with 6.3mm stereo.

The HD 200 PRO headphones offer

Price:
₹ 6,490

a frequency response range of 20Hz - 20000Hz, an impedance of 32 ohms, and weigh about 184 grams without the cable.

They are available via the Sennheiser online store.

Samsung launches two Tizen powered smartwatches

South Korean multinational company Samsung has recently launched two variants of its Gear S3 smartwatch - Frontier and Classic. The latest smartwatches run on Samsung's own Tizen OS instead of Android Wear by Google.

The Frontier model of Gear S3 sports a rugged design with a MIL-STD-810G rating, while the Classic variant features a refined look. Both the variants are made of high-end watch grade 316L steel and sport a rotating bezel that enables users to pick up calls or snooze alarms without touching the display. The Frontier model comes with a cellular radio chip, allowing the smartwatch to connect to high-speed 4G mobile networks.

The Gear S3 smartwatches feature a 3.3cm (1.3-inch), 360 x 360 pixels, always-ON display with super AMOLED technology and Gorilla Glass SR+ protection, IP68 dust and water resistance, built-in GPS along with a built-in speaker. The watches

Price:
₹ 28,500

are powered by a 1GHz dual-core processor and a 380mAh battery.

Apart from 3G/LTE on the Frontier model, the smartwatches offer connectivity options like Bluetooth v4.2, Wi-Fi 802.11 b/g/n, and NFC/MST.

The Samsung Gear S3 smartwatches are available via the Samsung retail channel.
