

Industrial Ethernet switches launched by Digisol

Digisol, a subsidiary of Smartlink Network Systems, recently launched the L-2 managed din-rail industrial Ethernet switches—DG-IS4508HP, DG-IS4512HP and DG-IS4514HP --with four or eight 10/100/1000 Base TX POE ports plus two/four 100/1000 BaseF SFP slots. With high-end components from leading chip manufacturers, the Ethernet switches provide the ability to configure port settings, manage network performance and monitor LAN for critical issues.

The industrial grade switches are designed to stand up to the extreme temperature, surges, vibration and shock in industrial automation, government, military and outdoor applications.

The units have a corrosion-resistant aluminium case and dual redundant power input with reverse polarity and overload protection.

The three units provide IEEE 802.3af 15.4W / IEEE 802.3at, 30W High Power PoE / IEEE 802.3bt and 60W Ultra PoE. The total PoE power budget comprises 120W (DG-IS4508HP) and 240W (DG-IS4512HP and DG-IS4514HP).

The devices offer multi-casting

support – IGMP v1/v2, proxy and snooping, multi-cast, broadcast, flooding, storm control, etc. The Digisol switches are available via retail stores.

Address: Digisol Systems Ltd, Plot No. 5, Kurla-Bandra Complex Road, Santa Cruz (E), Mumbai - 400098

Stylish wireless soundbar from Bose

Best known for its audio equipment, Bose has recently released its new wireless soundbar — the Soundbar 300 — for the Indian market. The portable and sleek device measures 10.8cm (D) x 97.8cm (W) x 5.7cm (H). It weighs about 4.7kg.

The stylish Soundbar 300 is crafted with a premium glass top and a perforated wrap-around metal grill. It offers a performance, spaciousness and bass that is better than any soundbar of its size, company sources claim. It supports connectivity with Wi-Fi, Bluetooth and NFC pairing, enabling users to stream anything instantly.

The soundbar comes with 1HDMI output with Audio Return

Channel (ARC), one optical digital audio connection, a power input, 1 Ethernet port for Soundtouch, software updates via the network and one microUSB connection. It supports audio formats like Dolby Digital, DTS and video sources like HDMI and 4K pass-through.

A user can also buy virtually invisible 300 surround sound speakers from Bose, which can be placed discreetly around the house, to get a full 5.1 surround experience. The Bose Soundbar 300 is packed with a universal remote, two AAA batteries, an ADAPTIC headset, a power cable, an HDMI cable and an optical cable.

It is available via online retail stores.
