

Huawei P9

- 12 MP (rear) + 8 MP (front) camera with Leica optics, face detection auto-focus, dual-LED flash
- **Connectivity:** Wi-Fi 802.11 a/b/g/n/ac, dual-band, Wi-Fi direct, hotspot, Bluetooth 4.2, A-GPS, GLONASS, BDS, NFC, USB Type C
- **Sensors:** Fingerprint, accelerometer, gyroscope, proximity, compass
- Li-ion 3000mAh non-removable battery

Pros and cons

Pros: Excellent camera with fantastic low-light performance, good looks and well built, responsive fingerprint scanner.

Cons: No image stabilisation, no 4K recording option, performance lags, overpriced when compared to competitors with the same configurations.

10. LeEco Max 2

The LeEco Max 2 might be a slightly

larger phone, but it is one of most affordable options offering a flagship class Qualcomm Snapdragon 820 SoC. This device features a bright 2K display with good viewing angles. LeEco bundles a free subscription of Le Live and Le Vidi apps, which offer live TV and movie content. The rear camera does a good job, although the battery life could have been better.

Technical specifications:

- 14.47cm (5.7 inches) LTPS IPS LCD capacitive touchscreen, 1440 x 2560 resolution, 16 million colours, 515ppi
- 4GB RAM / 6GB RAM
- Qualcomm MSM8996 Snapdragon 820 quad-core (2 x 2.15GHz + 2 x 1.6GHz) Kryo processor, Adreno 530 GPU
- 32GB/64GB internal memory; no memory card slot
- 21MP (rear) + 8MP (front) camera with face detection auto-focus, dual LED flash
- **Connectivity:** Wi-Fi 802.11 a/b/g/n/ac, dual-band, Wi-Fi direct, hotspot, Bluetooth 4.2, A-GPS,

LeEco Max 2

GLONASS, BDS, NFC, infra-red, USB Type C

- **Sensors:** Fingerprint, accelerometer, gyroscope, proximity, compass
- Li-ion 3100mAh non-removable battery

Pros and cons

Pros: Fast performance, good camera quality with 4K recording, good music experience via Dolby Atmos, fast charging, value for money, smooth 3D gaming experience.

Cons: No expandable memory, limited battery and no 3.5mm headphone jack.
