

Samsung launches its new Tizen smartphone

Samsung has recently unveiled its latest smartphone, the Samsung Z4, with the Tizen OS.

The device is equipped with an 11.43cm (4.5 inch) screen, allowing users to enjoy games and other multimedia with a superior resolution.

Designed with 2.5D glass, the phone has a comfortable grip. It comes with 1.5 quad-core processor, 1GB RAM and 8GB internal memory, which is further expandable up to 128GB via microSD card. It is backed with a 2050mAh battery boosted by Samsung's unique 'Ultra Power Saving Mode'.

According to company sources, the Tizen OS gives users an effortless mobile experience as it comes with features developed specifically for Indian consumers. The smartphone

offers two 5MP cameras – front and rear, both with flash.

The 4G VoLTE smartphone is available with a gold back cover and an additional back cover via mobile stores.

Enjoy loud, clear and uniform sound with Bose's 360 degree speakers

International audio equipment manufacturer, Bose, has launched its latest mid-range Bluetooth speakers – SoundLink Revolve and SoundLink Revolve +. The speakers are designed to offer clear sound in all directions, giving uniform coverage.

The aluminium covered cylindrical speakers feature a ¼-20 thread to make it easy to mount them on a tripod, in yards or outdoors. As they are IPX4 rated, they can withstand spills, rain and pool splashes.

The SoundLink Revolve measures 15.24cm (6 inch) in height, 8.25cm (3.25 inch) in depth and weighs 680 grams. The SoundLink Revolve + is bigger at

18.41cm (7.25 inch) in height, 8.25cm (3.25 inch) in depth and weighs 907 grams. The Revolve + promises up to 16 hours of playback, while the Revolve offers up to 12 hours of play time.

Both the variants can be charged via micro-B USB port and can be paired with NFC. Integrated microphones can also be used as a speakerphone or with Siri and Google Assistant. The speakers are available in Triple Black and Lux Gray colours via Bose stores.
