

Budget-friendly smartphone with front LED flash from Lenovo

Lenovo has launched an affordable dual camera smartphone, the Lenovo K8 Note. The device sports a 13.9cm (5.5 inch) full HD (1080 x1920 pixels) display with Corning Gorilla Glass protection. It is powered by a decade MediaTek MT6797 SoC with four Cortex-A53 cores clocked at 1.4GHz and 1.85GHz, as well as two Cortex-A72 cores clocked at 2.3GHz.

Built with 5000 series aluminium and polycarbonate, the device is supposed to be splash-resistant.

The dual SIM (Nano) device runs on Android 7.1.1 Nougat and is backed with a huge 4000mAh battery with turbo charging.

On the camera front, the smartphone sports a rear 13 megapixel primary sensor, accompanied by a 5

megapixel depth sensor with a dual LED-CCT flash module; and a 13 megapixel front camera with an LED flash module for selfies.

The connectivity options of the device include 4G VoLTE, dual band (2.4GHz and 5GHz), Wi-Fi 802.11ac, Bluetooth v4.1, GPS, micro USB and a 3.5mm audio jack.

The Lenovo K8 Note comes in two variants – 3GB RAM/32GB storage and 4GB RAM/64GB storage — both available in 'Fine Gold' and 'Venom Black' colours online and at retail stores.

Address: Lenovo India Pvt Ltd, Vatika Business Park, 1st Floor, Badshah Pur Road, Sector-49, Sohna Road, Gurugram-122001

Price:
₹ 12,999 for the 3GB RAM/32GB storage option and
₹13,999 for the 4GB RAM/64GB storage variant.

Water-resistant Bluetooth headphones from Motorola

Motorola has introduced its Bluetooth in-ear headphones in India – the Verve Loop. Aimed at sports and fitness enthusiasts, the headphones offer a hassle-free, comfortable fit during outdoor and workout sessions.

The device comes with an IP54 rating for water and splash resistance, enabling damage-free use. It is designed to deliver a balanced, high quality audio experience along with easy Bluetooth pairing with voice prompts. Powered by a lithium-ion battery, the device delivers up to six hours of playback with a single charge.

Company sources also claim that it provides one hour of play time on just a 20-minute charge. The headphones offer balanced sound at any volume and superb noise isolation. Features include A2DP (Advanced Audio Distribution Profile), HFP (Hands Free Protocol) and AVRCP (Audio/Video Remote

Control Profile), enabling hands-free calling and voice assistance.

The headphones come with in-line control buttons for volume, play/pause, etc, three sets of extra ear gels and three sets of ear hooks for stable support. The Motorola Verve Loop is compatible with all Android and Apple smartphones and tablets, apart from supporting Siri and Google Now voice assistants.

Available in combinations of charcoal grey/black and orange/black, the headphones can be purchased online and at retail stores.
