

The screenshot shows the Kubernetes dashboard with the 'Services' page selected. The left sidebar lists various Kubernetes resources. The main content area displays a table of services.

Name	Labels	Type	Cluster IP	Internal Endpoints	External Endpoints	Created
kubernetes	component: apiserver provider: kubernetes	ClusterIP	10.96.0.1	kubernetes:443 TCP kubernetes:0 TCP	-	22 minutes ago

Figure 6: Nginx service

The screenshot shows the Kubernetes dashboard with the 'Events' page selected for the pod 'nginx-app-5568c89dcd-gq68r'. The left sidebar lists various Kubernetes resources. The main content area displays a table of events.

Name	Reason	Message	Source	Sub-object	Count	First Seen	Last Seen
nginx-app-5568c89dcd-gq68r.170f3b3690969271	Started	Started container nginx	kubelet minikube	spec.containers/nginx	1	4 minutes ago	4 minutes ago
nginx-app-5568c89dcd-gq68r.170f3b356466b8c7	Created	Created container nginx	kubelet minikube	spec.containers/nginx	1	4 minutes ago	4 minutes ago
nginx-app-5568c89dcd-gq68r.170f3b34fa6e8748	Pulled	Successfully pulled image 'nginx' in 52.650153742s	kubelet minikube	spec.containers/nginx	1	4 minutes ago	4 minutes ago
nginx-app-5568c89dcd-gq68r.170f3b28b83ca8a4	Pulling	Pulling image 'nginx'	kubelet minikube	spec.containers/nginx	1	5 minutes ago	5 minutes ago
nginx-app-5568c89dcd-gq68r.170f3b27a8de3f1c	Scheduled	Successfully assigned default/nginx-app-5568c89dcd-gq68r to minikube	default-scheduler	-	1	5 minutes ago	5 minutes ago

Figure 7: Nginx pod

The screenshot shows the Kubernetes dashboard with the 'Services' page selected. The left sidebar lists various Kubernetes resources. The main content area displays a table of services.

Name	Labels	Type	Cluster IP	Internal Endpoints	External Endpoints	Created
nginx-app	app: nginx-app	LoadBalancer	10.104.33.83	nginx-app:80 TCP nginx-app:32135 TCP	10.104.33.83:80	1 minute ago
kubernetes	component: apiserver provider: kubernetes	ClusterIP	10.96.0.1	kubernetes:443 TCP kubernetes:0 TCP	-	27 minutes ago
