

Centre4ei has joined top most Embedded systems companies and the department of Telecommunication and Electronics of various Engineering colleges worldwide organize "embedasia-2009"- an International conference for embedded systems in the telecom domain. "embedasia-2009" is scheduled to be held on 18th & 19th of June 2009 at IISc Bangalore. This conference will give companies an opportunity to show case their products and solutions in a forum which is unique - as no other conference in India is dedicated to Embedded systems applications in Telecom.

Embedasia-2009 will attract a highly qualified international trade public to India through a number of communication measures tailored to target Companies. This is an opportunity to utilize the conference as a meaningful and result oriented event for benefiting your company. We expect over 500 professionals to participate in the Conferences as delegates. There will be facilities to conduct business discussions with other interested companies on collaborations, joint ventures etc. There will also be a Venture Capitalist Forum where VCs will talk about their investment priorities and budding entrepreneurs can engage with them.

EMBEDDED TELECOM TECHNOLOGY AND WHAT LIES AHEAD
