

Linux For You Magazine (Nov '09) brings

FOSS Training Special!

Because
Changing IT trends demand
more & more FOSS Experts!

Are you ready for it?

If you specialize in nurturing expert professionals in the field of

Programming (PHP, Python, Ruby, etc.) • System Administration • Networking and Security
• Application Servers (JBoss, GlassFish, etc) • Database Management Systems • Asterisk (VOIP services)

&

wish to reach out to Asia's richest community of

Developers, Administrators & End Users

Then join us in our quest to address the following concerns

→ Sudden boom in the demand for FOSS experts

→ Advantage of FOSS – Today & Tomorrow

→ The kind of expertise in demand

→ Success route to becoming an expert in
FOSS technologies
