

All-in-one smartwatch from Asus

Taiwanese multinational computer hardware and electronics company, Asus, has recently unveiled its smartwatch, the Zenwatch 2, in India.

The device is available in two sizes - 3.6cm (1.45 inch) and 4.1cm (1.63 inch). The 3.6cm variant, which is known as Zenwatch 2 WI502Q, features an AMOLED display with a screen resolution of 280x280 pixels (accounting to 273 ppi pixel density). The 4.1cm variant, which is called Zenwatch 2 WI501Q, sports the AMOLED display with a screen resolution of 320x320 pixels. Both variants offer finger-touch support.

Both the variants runs on the Android Wear OS and are powered by a quad-core Qualcomm Snapdragon 400 SoC paired with 512MB RAM.

The device is equipped with 4GB EMMC internal storage and offers support for Bluetooth 4.1 and Wi-Fi.

Fi. Powered by a 300mAh battery, Zenwatch 2 WI502Q is available in silver, while Zenwatch 2 WI501Q, which is equipped with a 400mAh battery, is available in silver and gunmetal, via Flipkart and retail stores.
