

Built for affordable versatility.

Dell PowerEdge R530 Server

Designed for data centres needing an affordable, virtualisation-ready, 2-socket rack server, the PowerEdge R530 powered by Intel® Xeon® processor is an excellent platform for a wide range of common business applications, including:

- Mail and messaging
- File and print
- Workgroup collaboration
- Web serving
- Video streaming

The R530 is also highly regarded as a dedicated development or backup server.
