

Connect to NEW BUSINESS

Welcome To India's Leading Business Technology Event

8.9.10 Dec 2016

BIEC, Bengaluru

Right now, a quite movement to digitize businesses is underway

Mid-sized companies will power India's technology consumption. For decades, mid-sized companies have been working hard in silence & are letting their success make the noise.

Technologists have woken up to this opportunity & several grey cells are being collectively scratched to identify ways to connect and engage with this opportunity landscape.

Network with technology buyers & specifiers from the Banking, Retail & e-commerce, Telecom, Healthcare and Manufacturing (automotive) sectors.

3 days . 300 exhibits . 10000 buyers

CeBIT is the small and medium sized company's technology shopping mecca the world over.

If this segment of business is on your radar, we can help you make the first move.

Present your technology innovation at India's leading business technology event!
